**HOHENFELS, Germany — Laurie Potteiger (left) watches the fun as a group of children from the town of Hohenfels enjoy a day at the post bowling center, courtesy of the Hohenfels Kontakt Club. The club hosted approximately 25 children from the local host nation elementary and primary schools to a day of fun and food, Sept. 2. Taking over eight lanes, Kontakt Club members enjoyed introducing the German children to this popular American sport. After three hours of knocking down pins, the children had worked up quite an appetite and were treated to American cheeseburgers and sodas before being bused back to school.**

**The Kontakt Club is the official German-American friendship program of the U.S. Army in Europe and celebrated its 40th year in Hohenfels this year.**
